## WHOLESALE PRICE LIST

FOR MERCHANTS ONLY

OF

# SEEDS

IN BULK

**ALFRED J. BROWN SEED CO.**

Growers, Merchants and Importers,

**GRAND RAPIDS, - - - MICHIGAN.**

# TO THE TRADE.

THE SEEDS offered by us are largely grown by ourselves and those that are not, are grown for us under contract by reliable and experienced seed growers throughout the best seed producing sections of the United States where the soil and climate are best adapted to their culture. We also import direct from European seed growers such varieties that are best adapted to a foreign climate. All are subjected to a careful test as to vitality so that we know they will grow if the season will permit. By employing the best methods in the growing and harvesting of our seed crops, we do not hesitate to say that all seeds handled and sent out by us we believe to be as good as can be found anywhere.

Being now located permanently in our new quarters, Corner of Ottawa and Louis Sts., (formerly occupied by the Judson Grocer Co.), we are much better able to properly conduct a wholesale seed business. The entire building has been re-modeled and fitted out with the latest improved machinery for re-cleaning seeds of every description. We cordially invite our friends and patrons to call and inspect our new quarters when in the city as it will afford us great pleasure to show you an up-to-date seed warehouse.

---

## PRICES.

With the exception of Dwarf Beans we have been able to harvest nearly a full crop of all kinds of seeds of the choicest quality, and in consequence, prices are materially reduced on nearly all varieties of garden seeds.

---

## TERMS.

Garden Seeds net, June 1st, without regard to date of purchase, or can be discounted at the rate of one per cent. per month if paid before due. Clover and Grass Seeds, Field Peas, Onion Sets, Seed Corn and Grain, all net cash, no discounts.

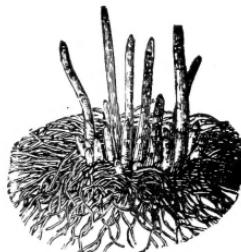

---

## DISCLAIMER.

*Alfred J. Brown Seed Co. give no warranty, express or implied, as to description, purity, productiveness or any other matter of any seeds, bulbs or plants they send out and they will not be in any way responsible for the crop, if the purchaser does not accept the goods on these terms, they are at once to be returned.*
